Peter Brown,  
Wolverton Express,  
  
Wolverton.

Dear Peter Brown,

We were very pleased with the article that appeared in the 'Express' concerning our last meeting of the documentary drama group.

After reading it, the secretary of the 'Good Samaritans'<sup>1</sup> phoned Stantonbury Campus to say that he had historical material that could be of interest to us. I visited him the same day and was much rewarded by what he had to tell and show to me.

I feel the time has come to stress those areas of our story where local residents may be able to help us with information they have. And so I have written the feature with this in mind, I hope the feature is satisfactory from your point of view ... If it isn't I will try to help you further.

As this type of article is inviting a response from local residents, if you do publish it, would you do so after August 18th. Otherwise there will be no-one at Stantonbury Campus, to receive replies.

Due to holiday arrangements, if you do have queries etc. please phone ... on Wednesday 23th. July.

Thank you for your interest and support,

Yours sincerely,
