Dear Mr McEwen,

I must apologise for the delay in replying to your letter regarding the bust of Mr James McConnell. A bust of this founder member of this Institution is contained in the Library but, I regret that I have been unable to trace where we obtained this from although we did have considerable correspondence with the L N S Wolverton Works about both the bust and the portrait of Mr McConnell in the late 30's.

Whether we are in a position to dispose of this will have to be decided by the Council of the Institution with whom I have raised the matter. I will certainly keep you informed of any further developments.

T McEwan Esq,

Yours sincerely,

**Stantonbury
Milton Keynes.**
