

County School  
Wolverton  
Bucks

27. V.13

I have pleasure in testifying to the fitness of Mr. A. Lewis Lloyd in a post as assistant Master in an elementary School. He has been a pupil at this school in the past five years during which time he has always proved himself a thoroughly good trustworthy and capable student.

He is quiet in manners and address, a very promising cricketer and will, I feel sure prove a useful teacher in any school to which he may be appointed.

I wish him success
